WENDEL LIVESTOCK

Online Embryo Opportunity Sale

Wendel Livestock was fortunate to add Sitz Florabelle Fanny 5053 ET as a foundation female donor to our herd from the Sitz Angus "Elite Sort" Female Sale in October 2021. She is the dam of the \$120,000 Sitz Intuition selected by ST Genetics as top-seller of the fall 2020 Sitz bull sale. She has a calving interval of 364 days on her first 6 natural calves that balance an average birth ratio of 96 with an average weaning ratio of 101. Her newly released research Functional Longevity (FL) EPD is well above average at 1.19 and is no surprise at her age and continued productivity. She has 31 maternal brothers that have sold in past Sitz bull sales for \$246,250 to average \$7,944. Her balance of functional maternal and above average carcass traits mate very well with many sires that we are offering in this sale.

Fanny 5053 has been an additional anchor maternal cow family to add to our Fancy Beauty, Toby Rosebud, Clova Pride cow families in our herd. We have 8 full siblings to Sitz Intuition we will be offering in our 2024 Wendel Livestock sale in May and they are off to a great start with several being features on May 13, 2024.

Our philosophy of generational selection of above average measurements broadly over all traits and not chase single trait extremes, shows in our herd breeding goals and the genetics in the offering. Fanny 5053 has been a prolific no-miss donor that has allowed for us to share this great opportunity because of her bountiful embryo production. The sale offering includes a flush to sire of buyers choice with no limit on quantity scheduled for January 8-10, 2024 at Bovagen, in Britton, SD. She averages 19 quality embryos per flush. Her 2 most recent flushes produced 16 and 24 respectively.

The embryo lots will sell in groups of 5 with a guarantee of 2 pregnancies if transfers are conducted by a certified technician. Man In Black, Craftsman, Resilient, Jameson, Kenny Rogers, and Veracious will have 2 lots each and Huckleberry (Sexed F) 1 lot. All lots are conventional embryos.

Thank you for your interest and please call us with any questions.

Sitz Florabelle Fanny 5053 is the dam of the \$120,000 ST sire Sitz Intuition. 5053 is a very fertile productive cow; at Sitz Angus Ranch she maintained a 364-day calving interval and her production record showed an average BR of 96 and WR of 101 consistently balancing significant calving ease with above average performance. Fanny is pictured as coming 9-year-old and still carries her functional appearance as coming 11-year-old today. Our interest and appreciation of was confirmed with friend and fellow North Dakota breeder Justin Spickler at Spickler Ranch North, Glenfield ND. "The Florabelle Fanny cow family comes with extra fleshing ability, maternal functionality, sound uddered, and milk very well."

Sitz Intuition was the \$120,000 sale feature selected by ST Genetics as the top-seller of the Fall 2020 SITZ Bull Sale. The footnote from the 2023 SITZ Spring Bull Sale catalog states, "Intuition will be a fundamental part of the Sitz program moving forward. His first calf crop has been among the favorite sire groups to many of the visitors of Sitz Angus. The Intuition progeny adhere to the core principals of Sitz Angus, maternally constructed in type and kind, performance-oriented cattle, backed by fertility and longevity, and the ability to improve fundamental traits like udders and foot quality. We are extremely pleased with this sire group and believe Intuition has a very bright future in the Angus breed." Take part in this great opportunity to add the mating of your choice or several embryo packages of his great dam, SITZ Florabelle Fanny 5053 ET, to your program. We will be selling 8 full sibs to Intuition in our Wendel Livestock Production Bull and Female sale May 13th, 2024.

Sitz Intuition

AAA 19381619
 DOB 02/19/2019

Lot 1 • Embryo Flush

Sired by
Buyers Choice

The option is yours to produce some of the most sought after embryos from the dam of Sitz Intuition. Buyer is purchasing right to 1 flush with no limit of viable embryos. Bovagen in Britton, SD will conduct flush with sire of buyers choice. Guarantee of 8 viable embryo minimum. This flush is scheduled for January 8-10, 2024. 5053 averages 19 quality freezable embryos per flush. Her 2 most recent flushes produced 16 and 24 respectively. Buyer is responsible for semen, flushing expense and shipment of embryos.

8 full siblings to Sitz Intuition we will be offered in our 2024 Wendel Livestock sale in May. They are off to a great start so look for several to be features on May 13, 2024.

Connealy Craftsman

Connealy Craftsman

AAA 20132505 • DOB 11/13/2020

The single most talked about bull of the Spring 2022 sales season, Craftsman was the \$500,000 record setting high seller at Connealy's sale. He posted very impressive performance ratios of 120@WW, 119@YW, 154@IMF and 107@RE in a large contemporary group. Sired by Sitz Resilient out of an impressive young Niobrara daughter, Craftsman's physical presence and breed character add to his overall package. He is striking though his front 1/3 and offers great length and shape

down his top with combined with excellent structural integrity. He is highly sought after for his combination of \$M and \$C, along with the parts that compile those indexes. This is another great opportunity to complement the strengths that Fanny 5053 brings to the table.

Sitz Resilient 10208

AAA 19057457 • DOB 02/15/2018

The record-setting \$165,000 bull of the 2019 Sitz Angus Bull Sale and is now a cornerstone in the Sitz program. Like his sire, Resilient offers outstanding maternal design with base width, deep body and free movement. He is producing as many top end herd and AI sire candidates as any bull the breed. A mating that was hard to share as we are very excited to see the functional maternal and performance outcomes we are greatly looking forward to.
